

DON'T MISS MANUFACTURING DAY!

Friday, October 6th ■ 9AM - 4PM

Join us for an interactive event and meet some of our industry partners!

Machine Demos
See CNC machines in action

Vendor Exhibits
Including robotics & cutting tools

Complimentary
Lunch, giveaways and raffles

This is a great time to pursue a career in this exciting field. By 2031, job opportunities across the country are projected to reach 147,000* for Computerized Manufacturing Professionals.

Start your training at our Grand Prairie campus. Last year, 9 out of 10 CNC graduates from our campus were hired after graduation**!

Ask about scholarships and grants, including our Lincoln Foundation for Education LiFE Scholarship, that can help fund your education***.

Build a brighter future in industries like Aerospace, Manufacturing, Construction, and Automotive.

For more info or to RSVP call (972) 660-5701
