Your support will help secure the future of manufacturing in Northern Texas. Thousands of well-paying manufacturing jobs exist in Northern Texas today, with even more openings anticipated over the next several years. Yet, there is a drastic shortage of skilled applicants.

North Texas NTMA is addressing this issue by giving away scholarships to students in our industry. Will you help us? This year the net proceeds will help fund students in technical tracks in community colleges and in technical schools through grants from the Foundation.

The North Texas Chapter of the National Tooling and Machining Association arranges an annual golf tournament to help raise money for our nonprofit, North Texas Precision Machining Institute, that is helping to fill the workforce gap. **We seek your donation for our silent auction** following an enjoyable day of golf at Indian Creek Golf Club which will take place on Thursday, April 25, 2024. Over the last several years, the demand for a skilled manufacturing workforce has increased. 100% of the auction proceeds will go directly to our nonprofit.

Please retain this letter for your tax preparer as your donation may be tax deductible for this calendar year. The North Texas Precision Machining Institute is established with the Internal Revenue Service as a 501(c)(3) public charity. The tax ID number is 75-1621077.

Thank you for your generosity,
